**INFORMATION DISCLOSURE STATEMENT**

December 17, 2003

Hon. Commissioner for Patents  
Alexandria, VA 22315

Sir:

Attached is a Form PTO-1449 listing documents for consideration. Copies of foreign patent and non-patent documents are submitted herewith. Please note that Applicants request consideration of U.S. Patent Appln. Nos. 10/185,274; 10/185,363; 10/238,391; and 10/238,960. The latter two patent applications have been published and are listed on a Form PTO-1449; the former two patent applications have not yet been published so a supplemental Information Disclosure Statement (IDS) listing them will be filed. In accordance with 1276 OG 55, no copies of the listed U.S. patents and applications are being submitted.

This IDS is intended to be in full compliance with the rules, but should the Examiner find any part of its required content to have been omitted, prompt notice to that effect is earnestly solicited, along with additional time under 37 CFR § 1.97(f), to enable

Applicants to comply fully. In particular, if any of the listed documents are missing or incomplete, please contact the undersigned who will provide another copy.

As provided by 37 CFR §§ 1.97(g) and (h), no inference should be made that this information and the listed references are prior art merely because they have been submitted for consideration. Furthermore, no representation is being made that a search has been conducted or that this IDS encompasses all possible material information.

Consideration of the foregoing and enclosures, as well as the return of a copy of the Form PTO-1449 with the Examiner's initials per MPEP § 609, are earnestly solicited. The Examiner is invited to contact the undersigned if any further information is needed.

Respectfully submitted,

**NIXON & VANDERHYE P.C.**
